### Financial Assistance

We understand that a Foothill education is a significant investment and are committed to helping make Foothill a viable option for students in our community.

At Foothill, the financial assistance application process is thoughtful, thorough, and confidential. The Admissions Committee reviews all applications for admission without regard to any financial need. However, new and returning Foothill families who seek financial assistance are required to apply every year. Foothill is proud to use the [Clarity application](#) to determine a family's level of financial need based on the information that families share in the application which includes assets, income, expenses, and debts.

To get started, please go to the Clarity application and create an account. The application typically takes less than 30 minutes to complete. The Clarity application is also mobile-friendly so you can complete it from anywhere. You are also able to save your progress and return at any time. At the end of the application, there is a \$55 fee to submit. **Foothill also requires 1040 documents as part of the application process.** Your 1040 documents 2021 will be automatically transferred from the IRS when you complete the verification step, so you will no longer need to upload those documents manually. These are just a few ways in which Clarity enhances Foothill's assistance process.
