Summer 2021 Descriptions

Art Adventures: Children learn about famous artists such as Georgia O' Keefe, Henri Matisse, and Andy Warhol as they make wonderful creations each week using a wide variety of artist's materials. Art is fun--come join the adventure!

Anime, Cartooning & Comic Creation: Cartooning is a great way to learn how to sketch and draw. You will learn to create your own characters as well as popular characters from Disney, Anime, and more! Learn about storylines, design, coloring, and lettering, as you create your very own comic book!

Cheer & Fitness: Cheer class emphasizes fitness and cheerleading techniques. We will promote teamwork, school spirit and self-esteem. We will cover the importance of nutrition and taking care of our bodies to build our confidence and spirits. We will teach a dance and multiple cheers, tumbling, and incorporate them into cool routines!

Chem Kidz: Chemistry is amazing! Conduct physical and chemical experiments and learn what makes them work. Make your own desiccators and Elephant Toothpaste, grow copper sulfate crystals, and get ready for an instant snowstorm! All reactions are done outdoors and students wear protective goggles.

Chess Club: We introduce chess to students in a fun and exciting way! For all students and all levels, we teach students to play chess and help them succeed in school by stimulating their problem-solving skills, analytical skills, and critical thinking. Includes exclusive booklets and worksheets. Win certificates, medals, and trophies!

CSI: Brain Games, Mysteries, & More: Take fingerprints, decode secret messages, search for clues, go on a scavenger hunt and decipher our Escape Room! Explore the fascinating world of solving mysteries and develop observation and reasoning skills! Every student also receives their very own ID Badge and detective kit!

Hip Hop Dance: Hip Hop Dance provides a freedom of movement in a fun & free atmosphere. With exciting dance steps and challenging combinations, children learn to control & coordinate their bodies while working together to produce entertaining dances!

Jurassic DinoWorld: Learn all about Dinosaurs in this fun, hands-on class! Explore the Triassic, Jurassic, and Cretaceous eras through all sorts of project-based activities: Dino Digs, fossil hunts, and 'Dino of the Day' activities! You even get your own Dinosaur Egg to take home with you!

Kids Cooking Academy: Kids will tantalize their taste buds and have fun with food! Different recipes each week from appetizers to entrees, snacks, desserts and more! Learn about nutrition, dining etiquette, and cooperation skills in this scrumptious class!

LEGO Masters: Being LEGO Smart is more than building with LEGO bricks--it's having the ability to work in teams, solve problems, and create solutions, as you explore your creativity! Join us for the perfect combination of learning and fun!

Marine Biology: Explore the diversity of ocean life from organisms in hot deep-sea vents, to tropical fish, to the astonishing varieties of arctic marine life! Observe dissections of a lamprey eel, a crayfish, and even a shark! Write with squid ink, grow Sea Monkeys, and learn about the largest environment on the planet!

Mock Trial, Public Speaking, & Debate: Are you a person of passion and conviction, with a love for critical thinking and dialogue? In this class, students learn to use logic and other rhetorical tools to support their positions and to express themselves succinctly and skillfully. Students learn to walk and talk with assuredness and purpose, overcome jitters, and deliver speeches with confidence and animation!

Rocket Science & Astronomy: Ready, set, blast off! Explore the Universe as we launch everything from Film Canister Rockets, to Water Bottle Blasters, Business Card Boomerangs, and much more! Our adventures will take us to Titan, Mars, and a Galactic Cluster as we learn about comets, constellations, and our galaxy! This class is out of this world!

Soccer SuperStars: Develop your soccer skills in this fun, educational, and active class! Students will learn the fundamentals of each position and basic soccer strategies as they hone their shooting, dribbling, passing, defending and ball control skills! Our emphasis is on sportsmanship, teamwork, and character development. Join us!

Star Wars: Jedi Training Academy: The Force will be with you as you learn the ways of the Jedi! Play Star Wars games, build Star Wars vehicles and go from Padawan to Jedi Knight in one session! You will play characters, learn to draw the Clone Wars cartoon characters, create your own Jedi uniform, and even take home your very own Light Saber!

TechKidz: Coding Wizards: Create your own animations, programs, and games with MIT's Scratch, Python, Box Island, and more! Computer programming helps with brain development, math skills, and logic, and is tons of fun!

TechKidz: Video Game Design: Students will learn how to design and modify their own exciting arcade-style video games using Roblox, Hopscotch, Sploder and more! They will learn how to control characters, objects, and outcomes in their games as they increase the difficulty level and add more features.

Wildlife Biology: Students will explore the natural world, acquire tips and tools to spot wildlife while camping and on hikes, and learn all about animals' natural habitats. Students will learn techniques for locating and tracking animals in the wild!

Summer Camp at Foothill 2021 Things You Should Know Before Registering

1. You may register for camps in one- week increments, but please realize that due to COVID restrictions on safety and social distancing, we will have very limited availability. You may wish to register for the entire summer at once to avoid disappointment!
2. You will need to create an account on Popsicle to view the offerings and availability for your child's age group and the week(s) you choose. Camps are filled on a first-come, first-served basis and wait lists will be utilized to expand offerings when possible.
3. Keep in mind that you are registering for the grade your child will be in NEXT year (Fall of 2021). Ex. If your child is currently in 2nd grade, you will register for the 3-5 age group, since they will be a rising 3rd grader this summer. If you have a problem enrolling in the rising grade, be sure that your child's profile lists their grade for the *upcoming* school year.
4. **CHOOSE 2 CAMPS PER WEEK.** You may choose an AM camp for your child, and another camp in the afternoon. The two camps would mean there are two fees in your cart. Morning care is included in your camp fee, but after care is an additional registration.
5. Campers will be divided by age groupings, such as Kinder – 2nd grade. They may be in one class/cohort for the morning and another in the afternoon.
6. For the safety and enjoyment of all our campers, campers who fail to adhere to COVID safety protocols or to behavior guidelines may be dismissed without refund.
7. A COVID waiver will be required of all campers, and it will be distributed as soon as the Los Angeles County Department of Public Health issues new guidelines (expected mid-May).

CANCELLATION POLICY: Because we must carefully plan our staff and teaching experts, there will be **no refunds after 5/31/21**. If a COVID issue arises, classes may be taught virtually. There is no refund in this instance. If you have any cancellation questions or requests, please contact Parker-Anderson Enrichment at pace@parker-anderson.org.
